Storytime

Storytime is a place for parents and caregivers to interact and play with their children. We invite you to get down on the floor with your child and join in on the fun. Don't forget that you can also get a library card for your child. It's a gift that they can enjoy for years to come.

Baby Play & Learn Storytime

Ages 0–18 months

The first 15 minutes of nursery rhymes, songs, and stories introduce babies to the rhythm and beauty of language and are followed by 15 minutes of play. Storytime helps build the foundation for a lifelong love of books and reading. As all activities happen with babies on grown-up laps, plan to attend in a one-to-one baby/adult ratio.

Toddler Play & Learn Storytime

Ages 1 ½–3

Enjoy 20 minutes of simple stories, songs, and fingerplays followed by 30 minutes of activities introducing the concepts of math, science, and literacy.

Play & Learn Storytime

Ages 2–5

An hour of entertaining stories, songs, and fingerplays including activities that explore the concepts of math, science, art, and literacy.

Preschool Play & Learn Storytime

Ages 3–5

An hour of fun for the adventurous preschooler with stories, songs, fingerplays, and activities that explore preschool-level concepts of math, science, art, and literacy.

Family Play & Learn Storytime

All ages

An hour of fun for kids of all ages—and their adults—with stories, songs, fingerplays, and activities that explore concepts of math, science, art, and literacy.

Teen (grades 9 and up) Workshops

3D Printing: 3-Part Workshop

Printing isn't just for paper anymore! You'll learn the basics of designing and printing physical objects on a 3D printer using Tinkercad software. You'll even create a unique design that will be printed for free. 3D Printed objects will be available within two weeks of the final session. *All participants must have a working email address that they can access during the program.*

Registration required | Space is limited

Mon, Jun 13, Jun 20, Jun 27 4–5:30pm Spokane Valley

Tabletop Printmaking: 3-Part Workshop

Printmaking doesn't have to require lots of expensive equipment. You will learn how to print more than one color using only one printing block and create images based on animals. Do it all without using any sharp carving tools. Spokane Art School Instructors will lead this hands-on workshop, and each student will produce a small edition of three-color reduction prints by the completion of the workshop sessions.

Registration required | Space is limited

Thu, Jun 23, Jun 30, & Jul 7 3:30–5pm North Spokane

Watercolor Basics: 3-Part Workshop

Explore basic color theory. Learn how to cover a large area with transparent pigments of color and reserve white areas, alter colors with glazes, and make corrections. Spokane Art School Instructors will lead this great introduction to the luminous medium of watercolor.

Registration required | Space is limited

Mon, Jul 11, Jul 18, & Jul 25 4:00–5:30pm Spokane Valley

Powerful Poetry: Speaking to Engage

In this workshop, Mark Anderson helps students learn how speaking can connect them to their own unique voice. You will learn performance exercises to write engaging, personal, and powerful poems.

Thursday, Jul 14 3pm–5pm North Spokane

Solar-Powered S'mores: 2-Part Workshop

Whether the power's out due to hurricane-force winds or a zombie apocalypse, you can heat your food without electricity.

Day 1: We'll provide the supplies. You provide creativity and mad engineering skills to build your very own solar-powered oven!

Day 2: We will harness the power of the sun to toast tasty marshmallow treats! Kick back and craft while your s'mores cook beneath the sun. When you're done enjoying your yummy snack, you can take your oven home and keep on cooking!

Registration required | Space is limited

You will be registered at the same location for both classes.

Thu, Jul 28 & Fri, Jul 29 3:30–5pm North Spokane
Mon, Aug 1 & Tue, Aug 2 3:30–5pm Spokane Valley
