## WATCH

[Pandemic: How to Prevent an Outbreak](#). Netflix Original Series, 22 January 2020.

This Netflix docuseries profiles the men and women on the front lines of the battle against influenza. Their predictions about what the next global outbreak would look like were made just months before the discovery of COVID-19. *Pandemic* covers the controversies around vaccination laws, the process of quarantining and transporting someone with a highly contagious disease, and how disease makes the shift from animals to people.
