READ

Engle, Nancy Driscoll. *Influential Women of Spokane*. Charleston, SC: The History Press, 2017.

This local history offers insight into the lives and characters of the women who helped make Spokane into a city, pushed for women's suffrage in Washington state, and fought for social reform in their own communities.

Maggs, Sam. *Wonder Women: 25 Innovators, Inventors, and Trailblazers Who Changed History*. Quirk Books, 2016.

In *Wonder Women*, author Sam Maggs tells the stories of the brilliant, brainy, and totally rad women in history who broke barriers as scientists, engineers, mathematicians, adventurers, and inventors. Plus, this book includes interviews with real-life women in STEM careers, an extensive bibliography, and a guide to women-centric science and technology organizations—all showing the many ways today's geeky girls can help build the future.

Rodham Clinton, Hillary, and Chelsea Clinton. *The Book of Gutsy Women*. Simon & Schuster, 2019.

This "scrapbook" of important women features the stories of dozens of scientists, reformers, philanthropists, teachers, and doctors—both famous pioneers and some still relatively unknown. Drawing from different decades of history, the contributions of these women and the impact they've made are discussed by the authors.
