Library News & Information

Take a Bite Out of Nourish

This spring, we're offering a series of programs to nourish you. We're bringing in presenters to talk about food and sustainability, and health for your mind, body and spirit.

Take a yoga class, hear about therapeutic horticulture, or explore the Inland Northwest through a photographer's lens. Whatever your taste, we think you'll find something here to nourish you. Stay tuned for more details, coming soon.

Lego Build Days Are Back

Bring the whole family to the library to build the day away with Legos (and Duplos for the really little ones). After the fun is over, the creations will be on display at the library all month. Pick up a flyer at any county library, or visit sclld.org/let-legos to find the next build day.

Plant a Little Seed

The Otis Orchards Library is launching a new seed lending library! The idea is simple: you borrow from a selection of vegetable and flower seeds at any time during the year, plant them in your garden, and watch them grow. When it's time to harvest, let a plant or two go to seed, and bring some back to the library for the next round of gardeners to enjoy.

In celebration of this new addition, the Otis Orchards Library is offering gardening workshops with local Master Gardeners, to help you get ready for spring! Stop by the library to find out more or visit sclld.org/give-and-take/
