# Library News & Information

## Engaging events and programs at the library

Spokane County Library District introduces Engage, the new programs and events magazine for the District. You can pick up Engage at any of our 10 libraries or view it online at [www.sclld.org](http://www.sclld.org). Just like all of our events and programs, the magazine is free.

When you open the pages of Engage, you'll find classes, performances, and information for everyone: kids, tweens and teens, families, adults, business owners, job hunters, those who want to give back to the community, and those who seek answers to questions.

What wonderful discovery will you find in 2017? We invite you to turn the pages and see what awaits you at your local library. Coming up in the January–April issue, you'll find concerts, exhibitions, financial literacy and consumer education workshops along with programs about coffee, yoga, the ukulele, green cleaning, urban farming, romance authors, documentaries, poetry discussions, Rube Goldberg machines, and so much more.

Engage is published three times per year, covering 4 months of programs and events in each issue and supports the Spokane County Library District's vision to learn, work, create, and thrive together.

Outreach Services assists those in the community who are unable to visit any of the District's 10 libraries. Outreach is also the local liaison for Washington Talking Book & Braille Library.
