

Colorful Shapes

Tune: London Bridge

All the squares have four sides,
Have four sides, have four sides.
All the squares have four sides,
And this one is red.

A triangle has three sides,
Has three sides, has three sides.
A triangle has three sides,
And this one is green.

All the circles are very round,
Very round, very round.
All the circles are very round,
And this one is brown.

Rectangles are extra tall,
Extra tall, extra tall.
Rectangles are extra tall,
And this one is blue.

Diamond shapes are very sharp,
Very sharp, very sharp.
Diamond shapes are very sharp,
And this one is white.
