

# Sloths

## Five Lazy Sloths

Written by Rachel Edmondson

One lazy sloth, with nothing to do,  
Along came another, and then there were two.

Two lazy sloths, just hanging in a tree,  
Along came another, and then there were three.

Three lazy sloths, started to snore,  
Along came another, and then there were four.

Four lazy sloths, happy to be alive,  
Along came another, and then there were five.

Five lazy sloths, opened their eyes and took a peep,  
Thought “what a busy day,” then all went back to sleep.

## S-L-O-T-H

*(to the tune of “Bingo”)*

The rainforest has many friends  
My favorite is the sloth.

S-L-O-T-H

S-L-O-T-H

S-L-O-T-H

My favorite is the sloth.

*Remove or flip over the H and repeat the verse but clapping when you get to the H.*

The rainforest has many friends  
My favorite is the sloth.

S-L-O-T, *clap*

S-L-O-T, *clap*

S-L-O-T, *clap*

My favorite is the sloth.

*Keep removing/flipping letters for each verse until the last verse when you clap the whole word.*
