## December library programs include holiday crafting, amazing author talks, informative workshops

**Spokane, WA | November 17, 2022** – When the weather brings a chill and the days grow shorter, Spokane County Library District invites you to stop into one of its 11 libraries to get warm, check out a book, and try out a library program. December’s library programs include something for all ages, including kids, families, teens, adults, entrepreneurs, and small business owners.

Stop in to create **Holiday Ornaments** with the provided supplies, or fuel your imagination and creativity during **LEGO Free Play** to build something new. Enjoy **Play & Learn Storytime** with young readers. Spark curiosity when you **Take It Apart** to discover what’s inside machines and electronics.

See how to get the most out of your Medicare during the program **Medicare Preventive Benefits & Cost Savings Program**. During the program **Talking About Brain Changes**, we recognize the fears we can have when we notice something different about our health and the things we can do to move forward.

The SCLD Online Authors Series has three amazing author talks in December. Award-winning novelist **Geraldine Brooks** talks about her most recent *New York Times* bestselling novel *Horse*. **Fredrik Backman**, best-selling author of *A Man Called Ove* and *Anxious People*, discusses his latest novel *The Winners*. Pulitzer-Prize winning historian **Nicole Eustace** discusses her 2022 award-winning book *Covered with Night: A Story of Murder and Indigenous Justice in Early America*.

Entrepreneurs and small business owners can get ready for the new year during **SMART Goals for Business**. Learn how to set SMART (specific, measurable, achievable, relevant, time-bound) goals and build a plan to achieve them with the help of a SCORE business mentor.
